MEMORANDUM FOR: Project Transportation Officer

SUBJECT : Endorsement of Passports for Detachment B

1. Confirming our discussion this morning, this memorandum is merely to note the fact that we have discussed the matter of obtaining a special endorsement for the passports of Detachment B personnel going overseas to the [redacted]

2. I was advised by [redacted] that our entry into and egress from [redacted] on official business as well as on leave orders would be vastly simplified were our passports to contain an endorsement similar to the one given certain members of Detachment A at the time of their entry into the [redacted]

[redacted] This suggested endorsement might read:

3. While I realize that this may well create problems for you in having redone those passports on Detachment B which are already in your hands, I am inclined to the belief, based on personal experience using this same endorsement with signal success, that it is of sufficient moment to attempt to get our books in hand sent through the mill again.

4. Accordingly, will you please explore this question with the Passport Office, Department of State, without delay and advise me of your progress.
